DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Remarks on page 6-14, filed on April 30, 2007 have been fully considered and are persuasive.

Allowable Subject Matter

2. Claims 1-17 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The instant invention defines an electronic journal preparation system. The prior art of record fails to teach a face image pick-up portion for picking up a face image of a customer by a fixed camera; a card embossed image pick-up portion for picking up a card embossed image from a bank card when said customer inputs said bank card; a customer transaction data image processing portion for forming an image regarding customer transaction data; a journal data synthesizing portion for synthesizing as a single image, a journal data by assembling said face image picked up by said face image pick-up portion, said card embossed image picked up by said card embossed image pick-up portion, and said customer transaction data image picked up by said customer transaction data image processing portion; and a journal data storing portion for storing said journal data synthesized by said journal data synthesizing portion into an electronic recording medium provided in the electronic journal preparation system; picking up a face image of a customer by a fixed camera in an electronic journal preparation system; picking up a card embossed image from a bank card when said customer inputs said bank card; b forming an image of customer transaction data; synthesizing as a single image, said face image, said card embossed image, and said customer transaction data image into journal data; and storing said journal data into an electronic recording medium provided in the electronic journal preparation system as disclosed in claim 4; and an electronic journal preparation system comprising: a face image pick-up portion for picking up a face image of a customer by a fixed camera; a card embossed image pick-up portion for
